

Jan. 12th 1865.

To

His Excellency Gov. A. G. Magrath

This

petition sheweth that Dr. Gerhard Muller of Lexington, District is the only physician in his neighbourhood and has a large practice. He is nearly fifty years of age and has been practicing medicine continuously for Twenty Six years. The loss of his professional services would be a great injury to the section of country in which he resides. We would therefore respectfully ask that he be exempted from State Military Service and that he be allowed to attend to his professional duties.
