The last train that left  
here towards Wisconsin was at 10  
o'clock they reported some more  
behind but they have not arrived  
yet - I was talking to one of our  
operators in California that remained  
there until the last moment and  
he reported that he was under arrest

by Yankees who had the city  
could gain no information of our  
army or trains - Conflicting reports  
were regarding Kilpatrick's capture  
Some say within four miles of  
this place -
