To the Depositors of
Clarendon Cash Depository:

In 1932 in the depth of depression we formed Clarendon Cash Depository to furnish banking facilities in Manning, and have given our customers safe and sound service. We have appreciated your confidence and hope that we have merited your good will and continued patronage.

By enlargement of our capital and amendment of our charter we become tomorrow, July 1, 1939, The Bank of Clarendon. Our membership in Federal Deposit Insurance Corporation will guarantee your deposit with us up to $5000.00. By this means we hope to be of increased service to the community.

The Bank of Clarendon is responsible for your deposit balance as shown by our books and will honor your checks accordingly. For the purpose of our records we ask that at your first convenience you give us check payable to The Bank for the amount of your balance as of today.

Respectfully yours,

[Signature]
