The is a true story but the people are not real.
It is a real story, but the people are not real.

The picture looks kind of fake.

The paper is real because it was agreed upon with a master and his slave. His slave.
It is true because Andrew Johnson wrote it.
The guy wasn't there to write the true story.
It is real the person was there and it was made in 1730.
The person was not there.
